

MAKING MEMBERSHIP EASIER

Membership in AACE International helps your employees stay informed about the complexities of the total cost management profession - plus gain knowledge, find access to networks, and obtain resources that help them solve complex problems they might face within their department.

COMP Membership Details:

- Calendar year (Jan 1 - Dec 31)
- US\$95 one-time application fee
- US\$1600 base fee - prorated quarterly (base of 10 members)
- US\$160 discounted membership fee - prorated quarterly (for each member beyond 10 - regular membership fee is US\$185)
- US\$10 individual new member application fee is waived
- Standing listing in *Source* magazine, AACE's bimonthly periodical distributed to over 50,000 professionals worldwide

AACE's Corporate & Organizational Membership Program (COMP) identifies your company as a leader in the industry - a company that is committed to professional staff development.

By joining COMP, your employees will receive all of the same membership benefits as other AACE members - **but you keep the savings!**

AACE Membership Benefits:

- *Cost Engineering* journal & *Source* - AACE's bimonthly publications
- AACENews - AACE's monthly electronic newsletter
- TCM Today - a series of professional development webinars

Discounted fees for:

- Annual Meeting registration - 100+ hours of presentations showcasing the best and most current tools and techniques used in industry today covering a wide range of programs
- Continuing Education Seminars - a collection of education seminars held before and after the Annual Meeting
- Certification & Recertification - a portfolio of 8 distinct certifications for technician, professional, and expertise levels
- AACE's Online Learning Center - a series of professional development presentations featuring some of the most popular presentations and presenters from past Annual Meetings

Member-only access to:

- The TCM Framework: An Integrated Approach to Portfolio, Program and Project Management is a structured, annotated process map that for the first time explains each practice area of the cost engineering field in the context of its relationship to the other practice areas
- AACE's Recommended Practices - a series of documents that contain valuable reference information that are the main technical foundation of our educational and certification products and services
- AACE's Virtual Library - a collection of over 5,500 technical articles on virtually every aspect of total cost management

AACE International is a 501(c)(3) non-profit professional association. Since 1956, AACE has provided its members with the resources they need to enhance their performance and ensure continued growth and success. With over 8,500 members world-wide, AACE serves total cost management professionals working in project controls, project management, estimating, risk management, and claims. AACE has members in 100 countries and over 80 local sections.

AACE has been certifying individuals since 1976. AACE offers the following certifications: Certified Cost Professional (CCP), Certified Estimating Professional (CEP), Certified Forensic Claims Consultant (CFCC), Decision & Risk Management Professional (DRMP), Earned Value Professional (EVP), and Planning & Scheduling Professional (PSP), and technician-level certifications: Certified Cost Technician (CCT) and Certified Scheduling Technician (CST). AACE is a member of the Board of the Council of Engineering and Scientific Special Boards (CESB). AACE's CCP, CCT, CEP, EVP, and PSP certification programs are fully accredited by the CESB.
